

## **Drug Information Specialist**

Alliance Healthcare Information offers a rewarding Nursing career in a non-clinical setting as a Drug Information Specialist.

We are interested in meeting Registered Nurses with strong clinical experience for an exciting opportunity in the pharmaceutical industry in Northern Delaware. As part of our team, you will share your abundant medical knowledge with patients and other healthcare professionals in a comfortable, professional office environment.

Our employees are the reason for our success. Alliance is dedicated to selecting and retaining talented, motivated and results-oriented people. Alliance's open, collaborative atmosphere and flexible, responsive management team nurture and promote new ideas. We're big on quality and results.

The hours of operation are Monday - Friday with 8 hour shifts between 8 AM - 6 PM. There are no late week nights or weekends. We work with you to provide a predictable schedule that allows for planned personal time. Flex-time is available. Free CEUs also available.

Complete training will be provided; we invest in your success! You must have a valid and current U.S. nursing license to apply. This exceptional opportunity is offered with a competitive benefits package for full time employees.

### REQUIREMENTS:

- ✓ Active RN Licensure required
- ✓ Strong clinical background is required
- ✓ Desire to engage in continual education process
- ✓ Excellent verbal and written communication skills; strong ability to use PC technology required
- ✓ Strong analytical, troubleshooting, teamwork abilities and demonstrated client focus
